

Official Practice & Competition Schedule Overview

Version 3a (10 September)

(A detailed running order will be available after the Draw)

Official Practice involves a group warm-up period and one run through of your program to your music. The other skaters in your group remain practicing on the ice while your music plays, but you have right of way. The music is played in the same order as the draw. Synchro Official Practice will follow ISU guidelines: music will be played through twice. Synchro teams must move away from rink-side as soon as their practice is over. Official Practice isn't required for Aussie Skaters and may not be available for all ISA divisions
